NYMEO SPONSORS 2nd MILLIONAIRE’S CLUB IN FREDERICK COUNTY AT OAKDALE HIGH SCHOOL

FREDERICK, MD –In partnership with the Credit Union Foundation of MD/DC and Frederick County Public Schools, Nymeo Federal Credit Union sponsored its second Millionaire’s Club in Frederick County at Oakdale High School. The Millionaire’s Club provides financial literacy education and also teaches leadership and entrepreneurial skills.

“Nymeo is very excited to sponsor the Millionaire’s Club at Oakdale High School!” said Vicki Johnston, CEO and President of Nymeo. “By being involved with this Club, students will actively learn how to manage everyday finances plus have fun! We are happy to provide this opportunity for students and FCPS.”

The Millionaire’s Club provides seed grants and a detailed curriculum, developed by the National Endowment for Financial Education. Students elect their own leaders and actively participate in programs including an entrepreneurial project that allows them to put into practice their newfound skills to generate funds for the Club.

“Nymeo’s continued support is so valuable for our students,” said Frederick County Public Schools Superintendent Theresa Alban. “Sponsoring The Millionaires Club at Oakdale High is another prime example of the collaborative effort between Frederick County Public Schools and Nymeo to enhance the essential tools that are so important for not only our students, but families and the wider community.”

High schools interested in offering the Millionaire’s Club may contact Nymeo at marketing@nymeo.org for more information.
