FOR IMMEDIATE RELEASE

Three Frederick County High School Students Receive Scholarships from Nymeo

[Frederick, Maryland] – Nymeo Federal Credit Union, the largest Frederick-based credit union, awarded three high school seniors with the first Nymeo Believe & Achieve Scholarship, an academic scholarship open to all seniors in Frederick County.

Kyle Rupert from Oakdale High School, Thomas House from Frederick High School and Julianna Posey from Middletown High School were this year's recipients.

Kyle and Thomas each received a \$2,500 scholarship, and Julianna received an unannounced \$500 scholarship for her creative video essay entry. A committee of judges based the winners on their essays with consideration given to their academic accomplishments and participation in both school and community activities.

"The judges had a difficult time with their decisions since there were so many impressive applicants," said Vicki Johnston, CEO and President of Nymeo. "Nymeo congratulates the winners of our very first scholarship and wish the best for all high school graduates!"

Nymeo Federal Credit Union, which actively supports many community efforts throughout Frederick, also sponsors an online financial literacy software, called Banzai, for Frederick County educators to use in classrooms free of cost. Nymeo membership is open to anyone who lives, works, worships, attends school, volunteers, or conducts regular business in Frederick County.

About Nymeo Federal Credit Union:

Nymeo is a cooperative, not-for-profit financial institution with headquarters in Frederick, MD. Nymeo offers traditional banking products, but stands apart from other financial institutions with its outstanding customer service, innovative branch concepts, low interest rate loans and new mobile banking application for its members. Nymeo strives to make the financial well-being of its members its highest priority. For more information about Nymeo please visit www.nymeo.org.
